ALTA EnviroScrub

Alta EnviroScrub 26D-30D

Alta walk-behind scrubbers prioritize smart performance, simple design, and user-friendly operation for cleaning medium to large sized facilities.

Equipped with dual-brush decks for fast, effective cleaning with a 26", 28" or 30" cleaning path.

Features

- 5 years parts and 2 years labor warranty
- Tools free daily maintenance
- Traction drive to reduce operator fatigue
- 26-30 inch traction drive walk behind scrubber
- Silent mode allows for cleaning in a noise sensitive environment
- ECO mode greatly extends battery run time for superior productivity

Alta EnviroScrub 39DR

Designed with truly massive floor space in mind, the 39DR is Alta's largest ride-on scrubber, but don't let the size fool you – it's still compact and maneuverable, and built with safety, productivity, and resource-efficiency in mind. Your staff will appreciate intuitive controls and simple operation, along with a smart and durable design & a 39" cleaning path.

Features

- Up to 5 hours run time
- 5 years parts and 2 years labor warranty
- Comprehensive control panel with one button start
- 39 inch rider scrubber
- Robust bumpers, electronic and mechanical braking system with electronic speed reduction capability
- Adjustable work settings for greater task flexibility

Alta EnviroScrub 28DR

Ideally suited for daily indoor cleaning in mid-sized areas of railway stations, parking areas, shopping malls, exhibition centers, schools, public institutions and other commercial environments larger than 50,000 sq ft with a 28" cleaning path.

Features

- Electronic parking system with parking brake
- Comfortable seat with operator safety switch
- 28 inch rider scrubber
- 5 years parts and 2 years labor warranty
- USB port provides a charging solution
- Integrated hanging squeegee system

Alta EnviroScrub 28DR

The Alta medium sized walk-behind scrubbers are reliable due to the rotationally molded housing and its structured design. Service and maintenance are also made simpler by design. With the ergonomic design, the operators will be able to run the machine for long periods of time with less fatigue. This machine has a 20" cleaning path.

Features

- High capacity 16 gallon solution and recovery tanks
- 20 inch traction drive walk behind scrubber
- Maximum cleaning productivity
- 5 years parts and 2 years labor warranty
- Safety Switches built into the handle
- On-board charger for convenient battery charging

Advance Sweepers

CS 7010

- Hybrid & “E” Power
- Combination Sweeper-Scrubber for both Indoors and Outdoors
- Wet & Dry Dust Control
- Onboard Hot Water

SW8000

- Superior Dust Control
- 50” Main Broom
- 77” Cleaning Path
- One Touch Controls

SW5500

- Low total cost of ownership
- Zero emissions & low noise for more productive cleaning
- Superior dust control
- High capacity, high dump hopper

Advance floor scrubbers deliver flexibility, performance, ease-of-use and most of all, value. Every Advance scrubber comes with **Smart Solutions™** – which optimizes water and chemical use by allowing the operator to select proper flow rates.

Advance Floor Scrubbers

SC6000 Sweeper-Scrubber

- 34"-40" Cleaning Path Battery Rider Scrubber
- 50 Gallon Solution and Recovery Tank
- Industrial Grade Protection/Durability

SC5000 Ride-On Scrubber

- 32-36" Cleaning Path
- 37 Gallon Solution & Recovery Tanks
- Unmatched Maneuverability

SC800 & SC750

- Available in 26", 28" or 34" Scrub Paths
- Up to 25 Gallon Solution and Recovery Tanks
- Cylindrical or Disc with Pads or Brushes
- Compact and Powerful

SC500

- 20" Disc or Cylindrical Scrub Path
- Quiet, Meets LEED-ED & GS-42
- 14 Gallon Solution and Recovery Tanks
- EcoFlex on Board Detergent Dispensing

Commercial Floor Scrubbers Are An Efficient Investment

Ride-on Floor Scrubbers

B 260 RI BP

The robust ride-on scrubber drier B 260 RI Bp Pack can be used for an extensive range of cleaning applications thanks to its 260 liter fresh and waste water tank, including the “Dose” cleaning agent dosing system that conserves resources, the time-saving auto-fill function and the manual tank rinsing system for cleaning.

B 300 RI Bp

The B 300 RI Bp is an innovative floor scrubber that offers a 36V battery drive option, making it perfect for indoor applications with zero emissions. This machine can handle vacuuming/sweeping, scrubbing, and drying in one go.

B 75/110 R BP

With outstanding suction performance including an all-new aluminum, die-cast squeegee, you'll have less moisture left behind. Big bumper wheels on the brand new die-cast brush head will help keep corners and walls free of unwanted marks.

Walk-Behind Floor Scrubbers Offer Size & Durability In a Cost-Effective Package

BD 70/75 W BP CLASSIC

The Kärcher BD 70/75 W Classic Bp is a cost-effective 28-inch walk-behind scrubber. Easy to operate controls allow for quick training and operation. Components exposed to intense wear are made of durable aluminum for longer life. The adjustable brush head provides 66-150 lbs. of down pressure.

BD 80/100 W BP CLASSIC

The BD 80/100 W Bp Classic auto scrubber provides excellent site-lines, a simple operator-friendly design, and robust materials for an efficient cleaning performance. The BD 80/100 scrubber has a powerful traction drive, which helps effortless travel of inclines and easy maneuverability. Components, which are exposed to extreme stress in tough working conditions, such as squeegee and disc brush head, are made from solid die-cast aluminum.

BR 45/22 C BP

The BR45/22 C Bp scrubber drier is the ideal choice for cleaning large areas with narrow and hard to reach areas. Equipped with a roller brush head and KART technology (Kärcher Advanced Response Technology) that is rotatable by 200 degrees in both directions and a large 18-inch working width. The position of the brush and squeegees, which is continuously transverse to the direction of travel, provides increased area performance and a uniform cleaning result.

Boost productivity with industrial scrubber sweepers

Nautilus HD

- 45" Main Scrubbing Path
- 60"/62" w/Side Scrub or Sweep
- 95 Gallon Solution/ 95 Gallon Recovery Tank Capacity
- Kubota – Gasoline, LPG, or Diesel Engine
- Up to 400 lbs. of Scrubbing Down Pressure

B400 RH

- 105 gallon Solution and Recovery Tank
- 48" Scrub Path, 3 disc brushes
- 810Ah monoblock battery & charger
- 60" Dry sweeping path with dust control

Nautilus-E

- Industry's Largest Electric Rider Scrubber
- Quiet exhaust free operation
- 8+ hours of runtime on a single charge
- Standard Upright Forklift battery compartment
- Accepts Lithium Ion, TPPL or Standard industrial batteries

ATLAS

- Agricultural Grade All-Steel Construction
- 48" Main Broom Sweeping Path
- 64"/84" Sweeping width w/Single or Dual Side Sweep
- 16ft³ Hopper Capacity
- 1,200 lb. Hopper Lifting Capacity
- 60" Variable Dump Height

Autonomous Cleaning Solutions

Nilfisk's Liberty SC50

This floor scrubber bridges the gap between traditional human operation and next-generation robotic autonomy. By pairing advanced sensors with powerful image-interpretation technology, the Nilfisk Liberty SC50 can map sites, plan operational routes, and independently execute your floor-cleaning routine with unerring precision and accuracy.

Nilfisk Liberty SC50 UGVI

The Nilfisk Liberty SC50 UGVI is the first autonomous floor scrubber with UV technology for the single-pass cleaning & disinfecting of floors.

Liberty SC60

Built on Brain Corp's powerful Brain OS – the world's most widely-used autonomous operating system – the high-performance Liberty SC60 also has the market's largest autonomous ride-on, exemplary runtime, and minimal downtime requirements.

The KIRA B 100 R Autonomous

Robotic Floor Scrubber is the perfect addition to any business looking for a more efficient and productive way to clean floors. The KIRA B 100 R can be operated in either autonomous or manual mode to clean any hard floor surface utilizing pad or brush options.

The KIRA B 100 R Autonomous

Robotic Floor Scrubber is the perfect addition to any business looking for a more efficient and productive way to clean floors. The KIRA B 100 R can be operated in either autonomous or manual mode to clean any hard floor surface utilizing pad or brush options.

SCRUBMASTER AMR

- Industry Leading Warranty
- Brain IOS – Lidar, 2/3D cameras, Integrated Touch Screen, 4G cellular modem
- Includes 3-Years of Autonomous Operation and Updates (extension available)
- 20" Scrubbing Path
- Superior Water Pick-Up – Articulating Parabolic

YOUR SOURCE FOR

Sweeper and Scrubber RENTALS

CS7010 Sweeper Scrubber

- Large Sweep Path
- 100 Gallon Recovery & Solution Tanks
- Large Scrub Path
- Approx. 75,000 sq ft/hour

SC6000 Ride-On Sweeper-Scrubber

- 34-40" Cleaning Path
- Battery Rider Scrubber
- 50 Gallon Solution/Recovery Tanks
- Industrial Grade Protection/Durability

AES26-30D

- 26, 28 or 30" traction drive walk behind scrubber
- Silent mode for cleaning in noise sensitive areas
- Traction drive reduces operator fatigue
- ECO mode extends battery runtime

AES39DR

- 39" rider scrubber
- Robust bumpers, electronic & mechanical breaking system
- Control panel with one button start
- Adjustable work settings for flexibility

B 260 R I BP

With a powerful battery, high-performance battery charger, 100 cm working width and roller brush head: the ride-on scrubber drier B 260 RI Bp Pack for tough industrial applications.

BD 70/75 W BP CLASSIC

The battery-operated BD 70/75 W Bp Classic is our latest right-sized 28-inch disc walk-behind floor scrubber with a 20-gallon tank. Easy to operate and built for longevity. pressure.

Nautilus HD

- 45" Main Scrubbing Path
- 60"/62" w/Side Scrub or Sweep
- 95 Gallon Solution/ 95 Gallon Recovery Tank Capacity
- Up to 400 lbs. of Scrubbing Down Pressure

ATLAS

- Agricultural Grade All-Steel Construction
- 48" Main Broom Sweeping Path
- 64"/84" Sweeping width w/Single or Dual Side Sweep
- 16ft³ Hopper Capacity
